SKILLS

- Java, Python, Typescript, Dataweave
- Frameworks: Spring, Angular, Struts, JSF, Flask
- ORM: Hibernate
- AWS – RDS, DynamoDB, ECS, SNS
- Microservices
- Rest API, SOAP
- MuleSoft
- Relational DB: MySQL, Oracle DB
- Non-Relational DB – Amazon DynamoDB
- Cache - Redis In-memory DB
- HTML 5, CSS 3
- Cucumber, Rest-Assured
- JMeter
- Maven
- Git, SVN
- Jenkins
- Jira, Rally
- Tableau, PowerBI

CERTIFICATIONS

- Oracle Certified Java Professional
- Google Associate Cloud Engineer
- Google Certified TensorFlow Developer
- MuleSoft Certified Developer
- MuleSoft Certified Platform Architect
- MuleSoft Certified Integration Architect

Vikas Puri

PROFESSIONAL SUMMARY

Solution minded Professional with over 13 years of experience seeking suitable Job Opportunity in Java or Full-Stack technologies.

I am an experienced professional with **enriched skills in Full-Stack development, Integration Development and Architecture**. I hold experience in domains like Automotive, Banking, and Healthcare. I am Oracle Certified Java professional. I am always interested to expand my knowledge thus also worked in an Integration area using MuleSoft and worked on GenAI area using Python, Google Gemini API's.

WORK HISTORY

Java Lead and Developer 02/2023 – Present
Deloitte - London, United Kingdom
